

Narcis Spanache

Bay Street, Swansea, Wales 📞 07440174202 | spanachenarcis27@gmail.com

Professional Summary Second-year Software Engineer student, possess strong computer science fundamentals, a good understanding of Software Lifecycles and Agile methodologies, having the ability to work in a team efficiently and strong communication skills, fast learner who can easily adapt to different technologies.

Education

- **Swansea University** *Swansea, United Kingdom*
B.Sc in Software Engineering *Sept 2019 – Exp. June 2023*
 - Relevant coursework: Java, Object Oriented Programming, Data Structures and Algorithms, Software Lifecycles and Agile Methodologies (Extreme Programming, Scrum, Incremental Development & Delivery, Rapid Prototyping), SQL, Functional and Logic Programming, Software Designing, Software Testing.
 - Developed critical and logical thinking, problem-solving, team-working, attention to details, time management.
- **Udemy – online learning platform**
The Complete Web Developer in 2021: Zero to Mastery by Andrei Neagoie
 - I worked and built small projects with HTML, CSS, Bootstrap, Javascript, DOM Manipulation, Github, NPM and NPM Scripts which can be found on my Github repository.
- **Iulia Hasdeu National College** *Bucharest, Romania*
A-level equivalent (HighSchool Diploma) *Sept 2015 – Exp. June 2019*
 - Mathematics-Computer Science specialized profile.
 - Relevant coursework: C++ programming language, strong Mathematics including Functions, Mathematical Analysis, Elements of Logical Mathematics.

Work Experience

- **Papa John's** *Swansea, United Kingdom*
Supervisor *Feb. 2020 – June 2020*
 - Coordinating the other employees, taking care of a financial part of the store.
 - Developed the leadership abilities, communication skills, and time management.
- **Waiter, Photographer** *Romania*
 - Developed communication skills while I was working part-time at events, dealing with customer requirements. I learned how to approach the people, depending on their type.

Extracurricular Activity

- **TechFest** *Bucharest, Romania*
Mentor, Member *Sept. 2018*
 - Teaching children how to create games with scratch. I also took part in workshops about JavaScript, New Technologies and Blockchain.
 - I participated at MegaHack Hackathon with my team, where we built a web application for monitoring the level of toxicity in the air.
- **TechnoCamps** *Swansea, Wales*
Senior Ambassador *Oct. 2020 – Present*
 - Helping to provide STEM education to pupils by promoting Computer Science, supporting workshops being thought in schools for pupils of all ages.

Skills

- **Technical:** Java • Scrum • Extreme Programming • Software Lifecycles
HTML • CSS • JavaScript • Bootstrap • DOM Manipulation
- **Critical:** Strong Problem Solving • Advanced Data Structures and Algorithms
- **Soft:** Good Communication • Team-work • Attention to Details
Fast Learner • Time Management
- **Languages:** English • Romanian
